Customer Support Team Leader | Escalation Handling | High-Volume Phone Support

PROFESSIONAL SUMMARY

Contact centre Team Leader who led 15 advisors on fast-paced UK and US programmes to all five core KPIs for 15 consecutive weeks, with individual CSAT scores of 97-100% against a 92% target. Owns escalations through to resolution, including a live rider road accident managed with no supervisor available. Used call-trend analysis to find a root cause, coached 15 agents on it, and saw the project-wide customer experience (CCXU) score rise from 70% to 95%, contributing to the site's first runner-up finish for the Customer Obsession Award. Held absenteeism at 3-5% against a 5% target and repeat contact at 1-3%. Empathetic under pressure and experienced on 24/7 rotating shifts, holidays included. Two years of contact centre experience, plus three years of client-facing booking and vendor coordination.

CORE SKILLS

Support: Escalation handling, high-volume inbound and outbound calls, multichannel support (phone, chat, email, social media), empathetic de-escalation, crisis and safety escalation, rider and driver support, delivery and logistics dispute resolution, SLA management

Leadership: Coaching and mentoring, call quality monitoring, performance management, KPI tracking, onboarding and training, knowledge base and SOP documentation

Operations: Root-cause analysis, pattern and trend analysis, process improvement, cross-functional collaboration, workforce scheduling, absenteeism management, vendor coordination

Tools: CRM and telephony platforms (Salesforce, Amazon Connect), Workday, Concentrix Pulse, Microsoft Excel

PROFESSIONAL EXPERIENCE

Team Leader

Concentrix, Ridge, Accra | *Dec 2024 - Apr 2026*

- Delivered all five core KPIs for 15 consecutive weeks across a 15-advisor team on fast-paced UK and US programmes, through daily KPI tracking and targeted coaching.
- Kept individual advisor CSAT at 97-100% against a 92% target and first contact resolution (FCR) at 90-93% against a 90% target for 15 consecutive weeks.
- Found the root cause of a weak customer experience score by listening to 27 calls in one day: advisors weren't paraphrasing or probing. Coached 15 agents on both skills in a trial, and the project-wide CCXU score rose from 70% to 95%.
- Extended the fix by placing the coached agents on the floor to support colleagues, contributing to the site's first runner-up finish for the Customer Obsession Award.
- Kept repeat contact at 1-3% by coaching advisors to probe further on calls.
- Held absenteeism at 3-5% against a 5% target by redesigning scheduling and absenteeism practices and closing coverage gaps.
- Held average handling time to 6-8 minutes against an 8-minute target for 4+ months, keeping resolution quality steady as advisors took more calls.
- Met the 10-second answer SLA across a 24/7 rotating shift schedule, holidays included.
- Spotted coaching needs early by monitoring about 35 live calls a day for handle time and quality, and took 65-80 calls personally on peak days while running the floor.
- Brought two new hires off a Performance Support Plan to 91% FCR and 100% CSAT for four consecutive weeks, using Workday to identify gaps and Concentrix Pulse to document each coaching session.
- Moved three team members into permanent managerial roles through coaching and KPI-based feedback.
- Wrote and maintained the onboarding guides, coaching scripts, SOP updates and training decks that new hires, the wider team and fellow team leaders used as their knowledge base.

Customer Service Advisor

Concentrix, Ridge, Accra | *Apr 2024 - Dec 2024*

- Resolved 45+ inbound and outbound contacts daily (65-80 on peak days) across phone, chat, email and social media on a 24/7 schedule, with a 7-minute average call time and a 10-second answer rate.
- Settled logistics and delivery disputes using SOP-based policy across every channel.
- De-escalated driver-related complaints directly, passing only unresolved cases to the driver's line manager.
- Guided a customer over social media on getting her own Amazon comments removed after they exposed her to racist abuse.

- Routed out-of-policy issues, including software and website troubleshooting, to legal and technical specialist teams so customers reached the right team first time.
- Kept records accurate and audit-ready by documenting every case in Salesforce, Amazon Connect and Concentrix systems.

Key Escalation Cases, Customer Service Advisor and Team Leader

Concentrix, Ridge, Accra | *Apr 2024 - Apr 2026*

- Kept a newly onboarded rider and the injured party safe during a live road accident abroad, with no supervisor available, by guiding the rider to check on the injured person, document the scene and confirm nearby support. Coordinated the SOS and ambulance call and escalated to the logistics specialist team, leaving the incident compliant and logged in real time.
- Resolved a publicly posted property damage complaint, backed by customer video evidence of driver-caused damage, by collecting the evidence, escalating to the right internal team and reporting to the driver's line manager. The customer received a full refund plus damage compensation, and the public complaint was closed.

Equipment & Inventory Coordinator | Graphics & Content Manager

Native X Media Limited, South La Estate, Accra | *Jan 2021 - Mar 2024*

- Cut equipment loss at outdoor events from 15% to 2% by assigning a single custodian for check-out, check-in and count reconciliation.
- Ensured on-time returns by scheduling gear against a rolling shoot calendar and sourcing third-party vendor rentals to close gaps.
- Created accountability by co-building a check-out/check-in log (borrower, date and time, condition) with a separate record for damaged items.
- Raised sales conversion from 10% to 30% by managing client relationships and about ten bookings a day in Salesforce.
- Lifted customer engagement 30% and cut content delivery time 25% by leading a cross-functional team of designers and developers.

Administrative Intern

Social Security and National Insurance Trust (SSNIT), Accra | *Jun 2018 - Dec 2018*

- Handled confidential personnel records under a signed NDA, kept filing audit-ready, and documented meeting minutes.
